From the Desk of Mayor Linda Hall

856-783-0600 307 Union Ave. Stratford, NJ 08084 lindahall@stratfordnj.org

Dear Residents,

As we welcome the summer season, I would like to take a moment to reflect on the many things that make Stratford such a special community.

Recently, we gathered for our annual Memorial Day Service to honor the brave men and women who made the ultimate sacrifice in service to our nation. It was a meaningful morning filled with remembrance, gratitude, and community pride.
Thank you to everyone who attended.

As summer begins, we are looking forward to many exciting community events. One of our most cherished traditions, the **Stratford Fourth of July Parade**, will once again bring residents, families, organizations, and businesses together in celebration of our nation's independence. I hope you can attend one of our town's amazing traditions as our nation celebrates its 250th anniversary, we proudly honor 250 years of freedom.

We are also excited for **National Night Out**, which will be held at **Parkview School on Tuesday, August 4th**. This annual event is a great opportunity for residents to meet our police officers, firefighters, and first responders that help keep Stratford safe.

Our business community continues to grow, and we are pleased to welcome several new businesses that have opened in recent months, including Integrity Automotive of Stratford, Mad Glass, Great American Storage, Dollar Tree, and Satnam Petroleum Gas. We are also excited that Mavis Discount Tires will be coming soon. These investments in Stratford help create jobs, provide services for residents, and strengthen our local economy.

The litigation regarding the Stratford Square property (former Bradlees) is finally behind us. We are looking forward to seeing the progress on the site, that will transform this important property and bring new opportunities to our community.

As another school year ends, I would like to congratulate all of Stratford's graduates. Whether you are completing grammar school or high school, your hard work and dedication deserves recognition. Your community is proud of your accomplishments and wish you continued success.

With the arrival of warmer weather, I ask everyone to stay safe and look out for one another. Please watch children riding bicycles, walking to parks, and enjoying their summer break. During the hot summer days, remember to stay hydrated, check on elderly neighbors and those who may need assistance. Small acts of kindness make a big difference and help keep our community strong.

Thank you for your continued support and commitment to Stratford. I wish you and your families a safe, enjoyable, and memorable summer.

Sincerely,
Mayor Linda Hall

STRATFORD BOROUGH COUNCIL

PRESENTS

FOURTH of JULY

Events

COUNCILWOMAN DAWN MARTIN: PUBLICEVENTS@STRATFORDNJ.ORG

🇺🇸 Help Us Make Our 4th of July Celebration Shine!

Calling All Convertible Owners!

We're getting ready for Stratford's 4th of July Parade and need YOUR help to make it amazing! 🇺🇸

✨ Do you have a convertible? We'd love for you to drive a local hero or pageant contestant in the parade!

✨If interested, please contact Councilwoman Dawn Martin:dawnmartin@stratfordnj.org

🎇 Calling All Musicians & Bands! 🎶

We're getting ready to celebrate the 4th of July in style and are looking for talented musicians, bands, and performers to join our annual parade!

Whether you're a marching band, local group, solo artist, or just love bringing energy and music to the community, we'd love to have you be part of our parade.

✨If interested, please contact Councilwoman Dawn Martin:dawnmartin@stratfordnj.org

🎇 VOLUNTEERS NEEDED! 🇺🇸

Help us bring the fun to Mancini Field this 4th of July!

We're looking for enthusiastic volunteers to help run games and activities immediately following the parade at Mancini Field. It's a great way to get involved in the community and be part of the holiday excitement!

Whether you can help for an hour or stay for the whole event, we'd love to have you on the team.

📩 Interested?

Email Councilwoman Dawn Martin: dawnmartin@stratfordnj.org to sign up or get more info.

Let's make this 4th of July unforgettable together! 🇺🇸🎉

BOROUGH BITS & Helpful Hints

Pet Licenses

DOG
Spayed/Neutered $15.00
Non Spayed/Non Neutered $20.00
CAT
Spayed/Neutered $10.00
Non Spayed/Non Neutered $15.00

Pet license renewals were due by March 31st.
Late fees have begun to incur starting from **April 1st**

Thank you

We like to thank all of the residents for their cooperation with the new recycling program. The recycling rules changed dramatically, and we appreciate the participation of the residents. For those who may still be unaware or need clarification on the latest update, please see the below list for items you may or may not recycle:

✓ **Plastic containers**
Only numbers 1 and 2
Empty and rinse
Do not crush
Leave caps on

✓ **Glass bottles and jars**
Empty and rinse
Leave caps on

✓ **Metal cans**
Empty and rinse
Do not crush

✓ **Newspapers**
✓ **Cardboard**
✓ **Junk mail**

UNACCEPTABLE RECYCLING

Plastic bags
Ceramics
Pizza boxes
Lightbulbs
Windows
Mirror glass
Shredded paper
Hazardous waste containers Scrap metal
Diapers or bio-hazardous waste Yard waste
Frozen food containers

For the most up to date information about recycling in Stratford visit:
https://stratfordnj.org/trash-recycling

CHIPPING

The DPW chips branches for residents as a courtesy service every two weeks. Please check the website, or your town calendar. Have your items out for chipping the Sunday prior of the chipping week.

Place them neatly at the curbside and untied. We can not chip items which may have vines or root balls attached. We do not accept excessive amounts such as whole trees. If you are having tree work done, your contractor should be chipping the material.

The DPW has begun chipping and due to volume sometimes it can take a few days to chip the whole town. See borough calendar for chipping weeks.

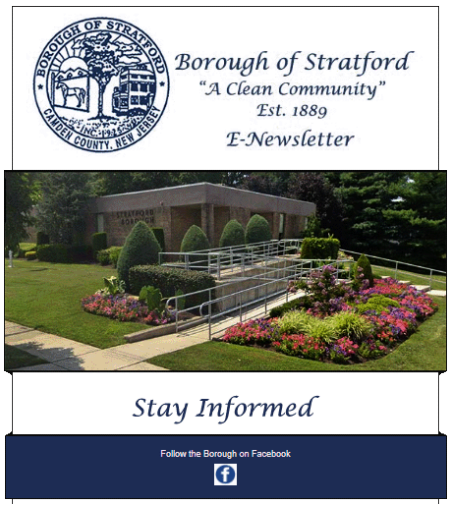

DOG AND CAT LICENSING/PET ORDINANCES All licenses should be renewed by the end of January. If you no longer have your pet, please call the Borough at 783-0600 to let us know. If you have called, thank you. A reminder that there is an ordinance for your pet/pets wandering beyond your property without a leash; and for disturbing the peace and quiet, with habitual barks or cries. Please take note to be considerate of your neighbors. Any new dogs or cats 6 months of age or older must be registered, please stop by the Borough Hall.

PICK UP AFTER YOUR DOGS
Please remember when walking your dog, there is a "pooper scooper" law in Stratford. Please be considerate of other residents' yards, as well as your own.

BOROUGH CODE - CHAPTER 6.04 – DOGS AND CATS
The Borough of Stratford would like to give a friendly reminder regarding pet regulations.

- Running at large prohibited. No person owning, keeping or harboring any dog, cat or other domestic animal shall suffer or permit it to run at large upon the public streets, public sidewalks, public parks or in any public building or in any other public place or on any private property without the consent of the owner.

- Leash requirement. No person owning, keeping or harboring any dog shall suffer or permit it to be upon the public streets or in any public places of the borough unless such dog is accompanied by a person over the age of twelve (12) years and is securely controlled and confined by an adequate leash not more than six (6) feet long.

E-Newsletter

Visit the Borough webpage at www.stratfordnj.org, to sign-up for the E-Newsletter. There are multiple links throughout Borough's website to sign-up for this service.

Please **NOTE** the E-Newsletter is a **NO-REPLY** service and if you have any questions about a specific E-Newsletter, please contact the Borough Hall during normal hours of operation.

For the most up to date information in Stratford, please sign up for our E-Newsletter (sign up here)

MEDICATION DISPOSAL

The Borough of Stratford has a medicine disposal bin located at the Public Safety Building. *(315 Union Avenue)*

Accepted items for bin include:
- Prescription
- Prescription patches
- Prescription medication
- Prescription ointments
- Over-the-counter medications
- Vitamins
- Samples
- Pet Medication

MISS & LITTLE MISS STRATFORD 2026

2026 Miss Stratford and Court is…

MEMORIAL DAY 2026

From the Desk of Councilwoman Dawn Martin Borough of Stratford School Board Liaison

SCHOOL BOARD MEETING HIGHLIGHTS (5.11.26)

Below are the key updates and decisions from the recent School Board meeting. We appreciate your continued interest and support in our schools.

👥📋 School Board Liaisons Update

- 🍁 The 8th Grade Dinner Dance will be held on May 29.
- 🥎 The softball team has had an outstanding season with only one loss.
- 🎮 The Esports season concluded in April.
- ⚾ The baseball team currently holds a 6–4 record.
- 🗳️ Class of 2027 Student Council Officer and School Board Liaisons Elections are approaching.

💼 Junior Honor Society

- Twenty-seven students were inducted into the National Junior Honor Society during the annual Candlelight Induction Ceremony.
- A few of their many accomplishments are their demonstration of the five pillars of NJHS: Character, Scholarship, Leadership, Service, and Citizenship.

🧮 Curriculum News

- The Mathematics Curriculum Committee completed its pilot work.
- The adoption of the enVision Mathematics program by Savvas Learning Company has been recommended to begin in the 2026–2027 school year.

📚 Scheduling Enhancements for the upcoming school year include:

- ➕ Increased mathematics and science instructional time
- 🏃 Increased PE/Health instructional time and the elimination of recess for grades 7 and 8
- 🎨 Introduction of additional elective opportunities offered on a marking period rotation

🍎 Planning for 2026–2027

The Board approved the following student meal prices for the 2026–2027 school year:

- 🍽️ Student Lunch: $3.65
- 🥣 Student Breakfast: $2.00
- 🥛 Milk: $0.55

📌 Save the Dates

- May 19th– 4th Grade Parent Night @ 6:30
- May 21st - (9:30 AM) – D.A.R.E. Graduation
- May 21st - Art Show and Ice Cream Social at Parkview School
- May 28th - Spring Concert and Art Show at Yellin School
- June 17th - Graduation

Stratford Mayor, Linda Hall, and Council would like to thank the Board of Education for their time, commitment, and service in supporting high-quality educational opportunities for all students.

Next Meeting Monday, June 15th 2026 at 6:30 pm

Contact Stratford Borough For Sewer Service & Support:

Report blockages, overflows, or leaks:

856-783-4900

This number is available 365 days a year, 24 hours a day, 7 days a week.

General Inquiries:

For maintenance updates, or billing questions, or payment information call (856) 783-0600 or email info@stratfordnj.org

Our Responsibilities:

When a sewer issue is reported, the Borough will first inspect the main to confirm it's flowing properly. If your lateral is accessible, we may be able to offer a courtesy plunge. If the blockage remains after that, you will need to contact a plumber for further service.

Keep our community flowing - report issues promptly.

BOROUGH OF STRATFORD
www.stratfordnj.org
856-783-0600

Summer Code Enforcement Reminders for Our Community

Eliminate standing water, its a breeding ground for mosquitoes

Keep lawns trimmed, edges neat

Pets must be on leash and cleaned up after

Trash cans may be placed at curb no more than 24 hours prior to pickup

Trash cans must be removed from curb within 12 hours after pickup

No Parking on your front yard grass

Swimming Pool Safety Reminders

As the warm days of summer approach, the Stratford Police Department would like to take a moment to remind our residents of a few safety tips to protect our children from the potential dangers of residential swimming pools and spas.

We at the police department urge everyone with a swimming pool or spa to be careful, use good common sense and judgment, and remember that a drowning can occur in just seconds.

- Always watch your children when they are in or near a pool or spa
- Teach children basic water safety tips
- Keep children away from pool drains, pipes and other openings to avoid entrapments
- If a child is missing, look for him or her in the pool or spa first
- Share safety instructions with family, friends, and neighbors
- Learn how to swim and teach your children how to swim
- Learn to perform CPR on children and adults, and update those skills regularly
- Understand the basics of life-saving so that you can assist in a pool emergency
- Install a four foot or taller fence around the pool and spa and use self-closing and self-latching gates; ask your neighbors to do the same at their pools
- Install and use a lockable safety cover on your spa
- If your house serves asa fourth side of a fence around a pool, install door alarms and always use them. For additional protection, install window guards on windows facing pools or spas. Install pool and gate alarms to alert you when children go near the water
- Ensure any pool and spa you use has compliant drain covers, and ask your pool service provider if you do not know
- Consider using surface wave or underwater alarm.

HANDICAPPED EQUIPMENT

If you have used handicapped equipment such as commodes, walkers, canes, wheelchairs, etc. you may drop them off at Borough Hall. Many residents cannot afford such equipment and depend on the inventory at the Borough Hall. Thank you for your kind donations.

SHINING A LIGHT ON WHO JESUS REALLY IS

ILLUMINATION STATION

JOHN 8:12

Culture claims to know about Jesus, but many people are in the dark about who He really is. Some might see Jesus as just a person from history or a good man or moral teacher – but He is more than that!

This summer, VBS will shine a light on who Jesus really is.

Meet us at Illumination Station™ for the brightest week of the year. Kids will explore all the ways light brightens, illuminates, reflects, and reveals while discovering that Jesus is the light who brings hope to a dark world! Like the disciples, kids will be challenged to answer Jesus' question, "Who do you say that I am?"

Light up your summer at Illumination Station and shine a light on Jesus!

Stratford Hen Advisory Board Presents:

Summer Chicken Care Guide — Keeping Your Flock Cool, Healthy & Fly-Free

As temperatures rise, it's important to help your flock stay comfortable and safe during the hot summer months. Chickens can overheat quickly, especially during heat waves and humid days. Unlike humans, chickens do not sweat — they cool themselves mainly through panting and spreading their wings away from their bodies. With a few simple steps, you can help your hens thrive all summer long!

Signs of Heat Stress in Chickens

Watch for these warning signs during extreme heat:

- Panting or open-mouth breathing
- Wings held away from the body
- Pale combs or wattles
- Lethargy or weakness
- Reduced egg production
- Refusing food or water
- Diarrhea

If you notice severe distress, move the bird to a cool shaded area immediately and offer cool (not ice-cold) water.

Keep Fresh Water Available

Hydration is critical in hot weather.

Summer water tips:

- Refill waterers multiple times daily
- Add extra water stations
- Keep containers in the shade
- Add frozen water bottles to waterers
- Offer electrolytes during extreme heat

How to Keep Your Hens Cool & Safe

Provide Plenty of Shade

Your flock should always have access to shaded areas throughout the day.

Helpful ideas:

- Shade tarps
- Patio umbrellas
- Trees or bushes
- Shade cloth over runs

Tip: Shade cloth can lower temperatures in the coop/run by several degrees.

Improve Coop Ventilation

Good airflow is one of the best defenses against overheating.

Make sure your coop has:

- Open vents
- Windows with hardware cloth
- Fans outside the coop for circulation
- Clean, dry bedding

Avoid overcrowding whenever possible during summer months

Reducing Flies Around the Coop

Flies increase rapidly during warm weather, especially around wet bedding and droppings.

Daily Prevention Tips

- Remove droppings frequently
- Keep bedding dry
- Clean spilled feed immediately
- Store feed in sealed containers
- Empty standing water

Natural Fly Control Ideas

Many flock owners use natural methods to reduce flies:

- Hang fly traps away from the coop
- Sprinkle food-grade diatomaceous earth in dry areas
- Add herbs like mint, lavender, basil, or rosemary around the coop
- Use pine shavings to reduce moisture

Compost Carefully

Chicken waste is excellent for composting, but unmanaged piles attract flies.

Helpful compost tips:

- Turn compost regularly
- Cover fresh manure with dry carbon materials
- Keep compost away from coop entrances

Summer Egg Production Tips

Hot weather may reduce laying temporarily.

To support healthy egg production:

- Provide calcium free-choice
- Offer high-quality feed
- Reduce stress
- Collect eggs frequently
- Avoid major coop changes during heat waves

Emergency Heat Tips

During extreme heat advisories:

- Freeze gallon jugs and place them in the coop
- Mist the ground around the run (not directly on birds)
- Offer shallow pans of cool water for feet
- Avoid handling chickens during the hottest part of the day

Helpful Resources

Trusted Poultry Care Resources

- The Chicken Chick
- Backyard Chickens
- University of Florida Poultry Extension
- Merck Veterinary Manual – Heat Stress in Poultry

Final Summer Reminder

A little preparation goes a long way in keeping your flock healthy through the hottest months of the year. By providing shade, clean water, ventilation, and good coop hygiene, your hens can stay happy, productive, and comfortable all summer long

VOLUNTEERS WANTED
STRATFORD NJ
PARKS COMMISSION
THE BOROUGH OF STRATFORD IS LOOKING FOR INDIVIDUALS INTERESTED IN JOINING THE PARKS COMMISSION
Intrested in volunteering?
Email Councilwoman Jessica Farrell at
jessicafarrell@stratfordnj.org

Stratford Fire Department *Membership Drive*

Residents: The Stratford Fire Department is currently seeking residents 16 years of age and older to volunteer. Young men and women between 16-17 years of age will become a part of our Junior Firefighter program. Applicants 18 years of age and older will be trained as Active Firefighters. Free training and schooling. If interested, please stop by the Firehouse any Tuesday evening at 730 PM.

House & Building Numbers

Please ensure your house number is visible from the street. This will assist emergency personnel when responding to assist our residents during times of emergencies. We have observed several homes in town that do not have house numbers properly affixed.

Please pass this important information on to your neighbors as well. The borough code is attached for reference.

Chapter 15.08 - BUILDING NUMBERING SYSTEM
15.08.010 - Size of numbers—Acceptable materials.
All house numbers must be at least two and one-half (2½) inches high and made of metal, wood or plastic.

(Prior code § 78-1)

15.08.020 - Color and visibility.
Each house number shall be of such a color as to contrast with the immediate background so that said number will be clearly visible from the opposite side of the street.

(Prior code § 78-2)

15.08.030 - Location and maintenance.
All house numbers shall be placed on or over the front door, front transom glass or front of window or on either side of the entrance. In those instances when the house is not clearly visible from the opposite side of the street, the assigned numbers shall be clearly displayed on the curb or on a sign placed at the entrance driveway or walkway. After the number has been displayed or affixed to any home or building, it is unlawful to cover or conceal the number or to permit it to be covered or concealed either by natural growth or foliage or otherwise. Said number must be properly maintained so as to be clearly visible at all times.

Stratford Police Department *NIXLE ALERT*

PLEASE REGISTER TO JOIN 2100 OTHER STRATFORD RESIDENTS WHO RECEIVE OUR VERY IMPORTANT COMMUNITY TEXT MESSAGES - EMAIL ALERT SYSTEM

This service delivers trustworthy and important neighborhood-level public safety and community event notifications by web, e-mail, and cellular phone text messaging. For example, this system could be utilized to broadcast a description of a missing child, notify the public of a serious crime or announce major traffic detours or accidents.

UPCOMING ROAD DETOURS AND TRAFFIC PATTERN CHANGES WILL BE ANNOUNCED BY THE STRATFORD POLICE DEPARTMENT USING NIXLE

Nixle is a completely free network, simple, and trusted. Stratford residents, school officials and business owners, can register in just minutes at www.nixle.com

Only representatives of the Stratford Police Department are able to issue alerts and messages via the Nixle System, therefore you can be assured that no spam or commercial advertisements will be sent to your inbox. Please take just a moment to register and remind friends and family members to do so as well. WWW.NIXLE.COM

HOUSE CHECK PROGRAM

With summer vacations upon us, the Stratford Police Department would like to take a moment to remind our residents about the police departments “House Check Program”. When preparing to leave home for vacation, take just a moment to visit the police department’s homepage and complete the House Check Form. During your time away from home, our police officers will keep an extra eye on your home so you may feel comfortable and enjoy your time away. The form may be returned in person to the Stratford Police Department, it may be emailed to Tips@StratfordPD.org via returned via facsimile to 856-784-8419

Access the House Check Electronic Form at http://police.stratfordnj.org

ON-LINE POLICE REPORTING SERVICE (From the Desk of Councilman Patrick Gilligan)

The Borough of Stratford is proud to promote a very convenient service that allows citizens or any victim of a crime that occurred within the Borough of Stratford, to file police reports online, without the need for the citizen to respond to the Stratford Police Department or have an officer respond you your home or place of business. This convenient service is ideal for report matters that are minor or do not necessarily require an officer response.

Upon acceptance, a case will be generated with the Stratford Police Department in the same manner as if the report was filed in person.

After completing the necessary information, you will be able to print the report for your records. If the incident you wish to report is an emergency, a crime in progress, or involves any type of injury please do not submit the report online and dial 9-1-1. The loss or theft of prescription medication, narcotic, or other controlled substance cannot be reported online.

For any non-emergent incident that requires a Police Officer to respond, dial the Stratford Police Department's non-emergency number @ 856-783-4900. Please bookmark the below online reporting link for your convenience.

https://reports.csitech.com/OnlineReport.aspx

What is Emergency Management?

The Stratford Office of Emergency Management is a municipal public safety department that functions under the authority of the Office of the Mayor during times of emergencies, and under the Director of Emergency Services or Public Safety Director on a day-to-day basis.

The office of Civil Defense was originally formed under the authority of the Federal Civil Defense Act of 1950, and amended (P.L,81-920) and the New Jersey State of Emergency Management Act of 1942. In 1978, the federal government established the Federal Emergency Management Agency, and in 1986, New Jersey adopted the “emergency management” format by virtue of the NJSP Directive No. 61 when the authority of civilian defense activities was transferred from the New Jersey Department of Defense to the New Jersey State Police by way of executive order.

The New Jersey State Office of Emergency Management is charged with providing for the health, safety, welfare of the people of the state of New Jersey and to aid in the prevention of damage to and the destruction of property during emergency. This is essentially the mission and duties of the Stratford Office of Emergency Management.

What does Emergency Management Do?

Emergency Management coordinates resources, response, and recovery activities and provides an orderly plan during emergencies such as bad weather, fire, hazardous material incidents, mass casualty events, and other emergency situations or police incidents to better protect our citizens and their property.

Solutions to Stormwater Pollution

Easy Things You Can Do Every Day To Protect Our Water

A Guide to Healthy Habits for Cleaner Water

Pollution on streets, parking lots and lawns is washed by rain into storm drains, then directly to our drinking water supplies and the ocean and lakes our children play in. Fertilizer, oil, pesticides, detergents, pet waste, grass clippings: You name it and it ends up in our water.

Stormwater pollution is one of New Jersey's greatest threats to clean and plentiful water, and that's why we're all doing something about it.

By sharing the responsibility and making small, easy changes in our daily lives, we can keep common pollutants out of stormwater. It all adds up to cleaner water, and it saves the high cost of cleaning up once it's dirty.

As part of New Jersey's initiative to keep our water clean and plentiful and to meet federal requirements, many municipalities and other public agencies including colleges and military bases must adopt ordinances or other rules prohibiting various activities that contribute to stormwater pollution. Breaking these rules can result in fines or other penalties.

As a resident, business, or other member of the New Jersey community, it is important to know these easy things you can do every day to protect our water.

Limit your use of fertilizers and pesticides

- Do a soil test to see if you need a fertilizer.
- Do not apply fertilizers if heavy rain is predicted.
- Look into alternatives for pesticides.
- Maintain a small lawn and keep the rest of your property or yard in a natural state with trees and other native vegetation that requires little or no fertilizer.
- If you use fertilizers and pesticides, follow the instructions on the label on how to correctly apply it.

Make sure you properly store or discard any unused portions.

Properly use and dispose of hazardous products

- Hazardous products include some household or commercial cleaning products, lawn and garden care products, motor oil, antifreeze, and paints.
- Do not pour any hazardous products down a storm drain because storm drains are usually connected to local waterbodies and the water is not treated.

- If you have hazardous products in your home or workplace, make sure you store or dispose of them properly. Read the label for guidance.
- Use natural or less toxic alternatives when possible.
- Recycle used motor oil.
- Contact your municipality, county or facility management office for the locations of hazardous-waste disposal facilities.

Keep pollution out of storm drains

- Municipalities and many other public agencies are required to mark certain storm drain inlets with messages reminding people that storm drains are connected to local waterbodies.
- Do not let sewage or other wastes flow into a stormwater system.

Clean up after your pet

- Many municipalities and public agencies must enact and enforce local pet-waste rules.
- An example is requiring pet owners or their keepers to pick up and properly dispose of pet waste dropped on public or other people's property.
- Make sure you know your town's or agency's requirements and comply with them. It's the law. And remember to:
  - Use newspaper, bags or pooper-scoopers to pick up wastes.
  - Dispose of the wrapped pet waste in the trash or un-wrapped in a toilet.
  - Never discard pet waste in a storm drain.

Don't feed wildlife

- Do not feed wildlife, such as ducks and geese, in public areas.
- Many municipalities and other public agencies must enact and enforce a rule that prohibits wildlife feeding in these areas.

Don't litter

- Place litter in trash receptacles.
- Recycle. Recycle. Recycle.
- Participate in community cleanups.

Dispose of yard waste properly

- Keep leaves and grass out of storm drains.
- If your municipality or agency has yard waste collection rules, follow them.
- Use leaves and grass clippings as a resource for compost.
- Use a mulching mower that recycles grass clippings into the lawn.

MOSQUITO CONTROL FACT SHEET
Questions and Answers

camden county
Making It Better, Together.

WHAT IS THE LIFE CYCLE OF A MOSQUITO?
All mosquito species go through four stages of development - egg, larva, pupa, and adult. Female mosquitoes lay their eggs in water where they develop into larva and then pupa before emerging as an active flying adult insect. The development from egg to adult takes between 7 to 10 days to complete. Only female mosquitoes bite because they require the nutrients from a blood meal of either humans or other animals for their egg development. The average life span for adult mosquitoes is 2 – 3 weeks.

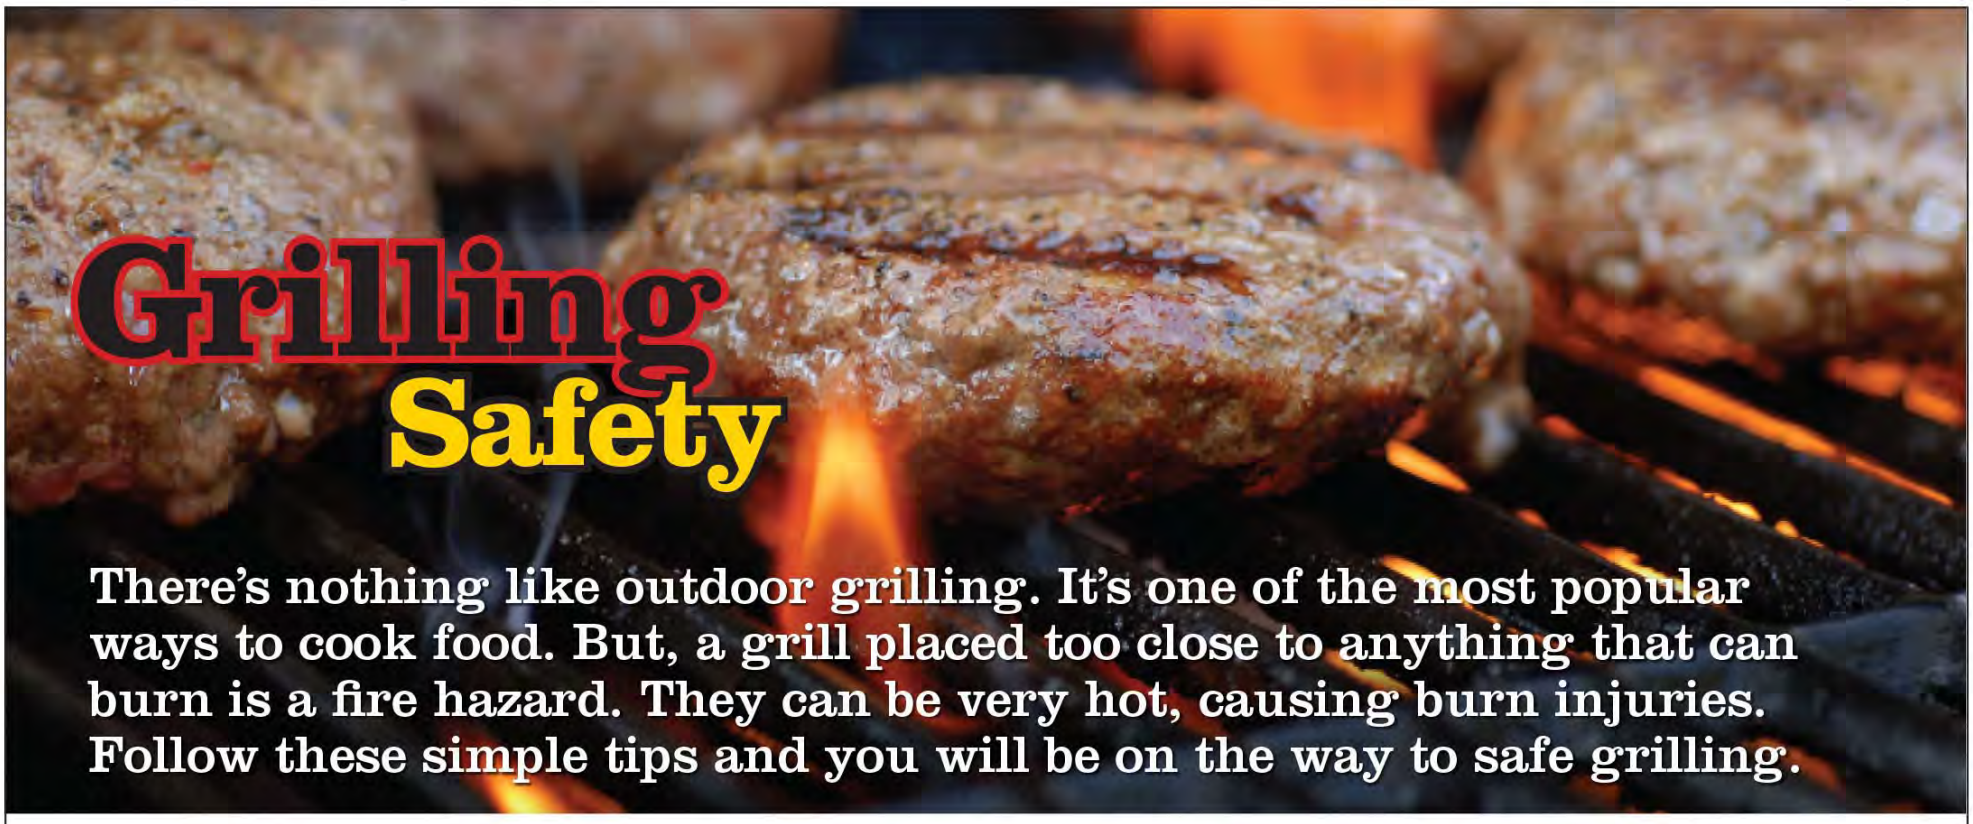

HOW MANY KINDS OF MOSQUITOES ARE THERE?
Of the 63 known mosquitoes species in New Jersey, 34 have been found in Camden County. More information on each species can be found on our website at:
www.camdencounty.com/service/mosquito-commission/mosquito-species-in-camden-county/

WHY DO MOSQUITOES BITE?
Female mosquitoes bite because they require the protein in blood to produce eggs. Male mosquitoes do not bite because they do not need the protein in blood to make eggs. In fact, both male and female mosquitoes feed on the nectar of plants, making them pollinators.

WHAT HUMAN DISEASES DO MOSQUITOES TRANSMIT?
Mosquitoes transmit a variety of diseases, some of which are found in Camden County including West Nile virus (WNV) and Eastern Equine encephalitis (EEE). WNV was first identified in the United States in New York City and surrounding areas in the fall of 1999 and can pose a significant threat to the very young and old, as well as individuals with compromised immune systems. The primary vector of WNV are mosquitoes commonly found around homes that will readily utilize tires or any container holding water to lay their eggs in. EEE, while rare in Camden County, is a more dangerous disease and is transmitted by mosquitoes that are produced in permanent swamps and saltwater marshes. For more information on these and other diseases please visit
https://www.nj.gov/health/cd/topics/vectorborne.shtml

Grilling Safety

There's nothing like outdoor grilling. It's one of the most popular ways to cook food. But, a grill placed too close to anything that can burn is a fire hazard. They can be very hot, causing burn injuries. Follow these simple tips and you will be on the way to safe grilling.

SAFETY TIPS

- Propane and charcoal BBQ grills should only be used outdoors.
- The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- Keep children and pets at least three feet away from the grill area.
- Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- Never leave your grill unattended.
- Always make sure your gas grill lid is open before lighting it.

CHARCOAL GRILLS

- There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
- If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.
- Keep charcoal fluid out of the reach of children and away from heat sources.
- There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use.
- When you are finished grilling, let the coals completely cool before disposing in a metal container.

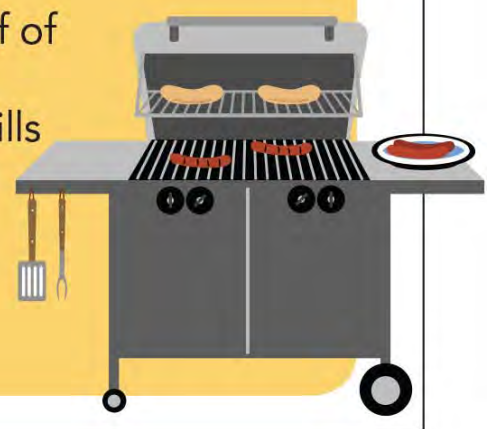

PROPANE Grills

Check the gas tank hose for leaks before using it for the first time each year. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If your grill has a gas leak, by smell or the soapy bubble test, and there is no flame, turn off both the gas tank and the grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. **If you smell gas while cooking, immediately get away from the grill and call the fire department.** Do not move the grill.

If the flame **goes out**, turn the grill and gas off and wait at least **5 minutes** before re-lighting it.

FACTS

- July is the peak month for grill fires.
- Roughly half of the injuries involving grills are thermal burns.

Generator Safety

Downed utility lines, power company blackouts, heavy snow falls or summer storms can all lead to power outages. Many people turn to a portable generator for a temporary solution without knowing the risks.

- Generators should be used in well ventilated locations outside at least 5 feet (1.5 metres) away from all doors, windows, and vent openings. Measure the 5-foot (1.5 metres) distance from the generator exhaust system to the building.
- Never use a generator in an attached garage, even with the door open.
- Place generators so that exhaust fumes can't enter the home through windows, doors or other openings in the building. The exhaust must be directed away from the building.
- Make sure to install carbon monoxide (CO) alarms in your home. Follow manufacturer's instructions for correct placement and mounting height.
- Turn off generators and let them cool down before refueling. Never refuel a generator while it is hot.

- Store fuel for the generator in a container that is intended for the purpose and is correctly labeled as such. Store the containers outside of living areas.

Just Remember...

When plugging in appliances, make sure they are plugged directly into the generator or a heavy duty outdoor-rated extension cord. The cords should be checked for cuts, tears and that the plug has all three prongs, especially a grounding pin.

If you must connect the generator to the house wiring to power appliances, have a qualified electrician install a properly rated transfer switch in accordance with the National Electrical Code® (NEC) and all applicable state and local electrical codes.

FACT

A person can be poisoned by a small amount of CO over a longer period of time or by a large amount of CO over a shorter amount of time.
